How Can This Clinic Help Me prepare for Middle School, High School, or Club Volleyball?

For many of our young athletes, it is their first time being in a structured environment. It is an opportunity to enhance their skills and develop a knowledge base which will prepare them well for future endeavors in volleyball. Over seven years The Chandler School has produced athletes in volleyball who have entered High School making an immediate impact in their programs. The Chandler School Volleyball Clinic will provide your daughter or son with the skills, knowledge, and confidence necessary to be successful. Our campus is situated in an environment conducive for volleyball indoor or out. We look forward to seeing you.

*Sincerely Yours,
Robert Bethea*
